REMARKS

By the present amendment, Applicants are submitting the present (new and amended) claims, which provide a scope of coverage to which they are entitled.

SUMMARY AND CONCLUSION

Applicants have made a sincere effort to place the present application in condition for allowance and believe that they have now done so.

The amendments to the claims (or new claims) which have been made in this amendment do not narrow the claims and have not been specifically noted to overcome a rejection based upon the prior art, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

Should the Examiner have any questions or comments regarding this Response, or the present application, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Masahiro KAWASAKI et al.
